

CABLE[®] POWER

Cable Power is brought to you by Stadium Stontronics, a UK based manufacturer of power solutions, AV cables and data cables. Our product range consists of HDMI cables, audio visual cables and accessories, available to OEMs directly from Stadium Stontronics or from our distribution partners Electrocomponents, Premier Farnell, Rapid Electronics and Amazon.

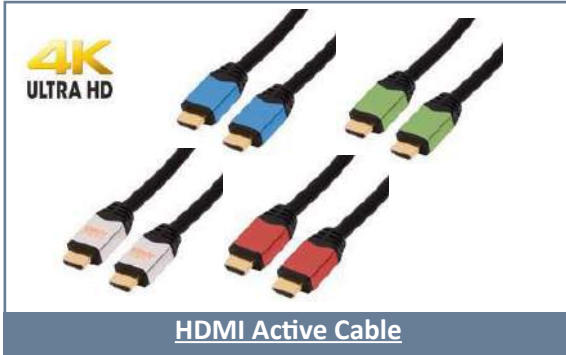

We provide:

- **Standard, OEM and custom cables to meet customer requirements**
- **Collaboration and support on projects**
- **Kitting, bundling, assembly, labelling and bespoke packaging**

We also provide accessories, kits and products for the Single Board Computing Market. Supporting Raspberry Pi, Arduino, Genuino and other popular platforms. Our range of custom kits and bundles with your branding and distinctive packaging containing high-quality cables, power supplies, switches and more provides a comprehensive and competitive solution.
